DIARY NOTES

DD/S

18 December 1958

1. Jim Garrison telephoned about his space problem as well as the related costs of air conditioning, etc. In particular, I told him to hold up on any more work for the minicard system at the Photographic Intelligence Center, at least until we had decided as to whether or not we wanted to proceed with such a system.

2. [REDACTED] reported on his trip to Europe. He thought that we had excellent support people in [REDACTED]. He was particularly concerned about the inadequacy of the schools [REDACTED] and I agreed to examine once again the possibility of giving our people the tuition money which they pay [REDACTED] for their use of private schools.
